CORPORATE PROFILE

Balancing vision and focus, we evolve with the times while staying true to our mission of building quality homes for every generation.

For over half a century, Bukit Sembawang Group has built many of Singapore's renowned and established residential developments comprising landed homes, private condominiums and apartments.

Bukit Sembawang Group started developing landed properties in the 1950s. Bukit Sembawang Estates Limited was incorporated in Singapore in 1967 and was one of the pioneer companies that obtained public-listing on SGX Mainboard in 1968. The Group focuses on property development, investment and other property-related activities.

In our efforts to continually create and build better homes, we have extended our expertise to develop high-end private properties where no details are spared in bringing you the higher sophistication in life. Imported fittings and provisions will reflect a true mark of prestige and quality, catering to different lifestyle requirements and cosmopolitan outlook of the new group of homebuyers. Our widely-acclaimed portfolio of completed private condominiums are Parc Mondrian, Verdure, Paterson Suites and The Vermont on Cairnhill.

Our commitment to continually deliver well-designed quality homes has won us awards and accolades. We have been accorded BCA ISO 9001:2008 Certification in Project Management Services since 2000 and have won BCA Construction Excellence Awards and numerous Green Mark awards for our various projects. We were awarded the BCI Asia Top Ten 2013 Developers Award which is a coveted award for the Asian building and design industry.

Bukit Sembawang Group, one of the pioneers in residential property development, has established a reputation as a trusted developer in building homes by continually delivering well-designed quality homes which are sought after, generation after generation.

CHAIRMAN'S STATEMENT

The Group profit before tax for the year under review was \$133.3 million as compared to \$143.0 million for FY2013.

The Group's development profit for the year under review consisted of the recognition of revenue (based on percentage of completion method) for the housing units sold at The Vermont on Cairnhill, Skyline Residences and Luxus Hills Phases 4 and 5.

The Vermont on Cairnhill obtained TOP in August 2013, followed by Luxus Hills Phase 4 in October 2013. 99% of Paterson Suites, 77% of The Vermont on Cairnhill, 81% of Skyline Residences and 11% of Luxus Hills Phase 6 have been sold as at 31 March 2014.

DIVIDENDS

During the financial year ended 31 March 2014, the Company did not pay an interim dividend.

The Board is recommending a final dividend of 4 cents per ordinary share and a special dividend of 12 cents per ordinary share.

The dividend payment, which amounts to about \$41.4 million (2013: \$38.8 million) or 37.2% (2013: 33.9%) of net profit after tax, is subject to shareholders' approval at the 48th Annual General Meeting ("AGM").

CURRENT YEAR'S PROSPECT

The cumulative effects of the Singapore Government's property cooling measures and implementation of the Total Debt

Servicing Ratio rules for housing loans have dampened the demand and the pricing of private residential properties. The sales of new private residential units fell 32% to 1,744 units in 1Q 2014 compared to 2,568 units sold in the last quarter of 2013.

Prices of private residential units in Singapore dipped by 1.3% quarter-to-quarter in 1Q 2014 according to Urban Redevelopment Authority statistics. Prices of non-landed private residential properties for high-end segment in the Core Central Region fell 1.1% in 1Q 2014 after the 2.1% decrease in the preceding quarter.

The market conditions for landed and high-end residential property remain

challenging and this will adversely affect the Group's sales performance in the current year.

DIRECTORATE

Mr Teo Kim Yam has decided not to seek re-appointment at the forthcoming AGM. Mr Teo was appointed to the Board in 1994 and has served as a non-executive Director for 20 years. We are grateful for his insights and invaluable contributions through the years.

The Board is pleased to recommend for shareholders' approval, the appointment of Ms Fam Lee San as a Director at the AGM.

Mr Guok Chin Huat Samuel and Dr Lee Chien Shih will be retiring by rotation pursuant to the Articles of Association,

while Mr Eddie Tang will be retiring pursuant to section 153(6) of the Companies Act, at the AGM and, being eligible, each of them offers himself for re-election/re-appointment.

ACKNOWLEDGEMENTS

I wish to place on record the Board's appreciation of the continued loyal dedication of Management and staff. I thank my fellow Directors for their contributions and commitment. Last but not least, my sincere thanks to all our clients and our shareholders for their continued support and confidence.

CORPORATE GOVERNANCE REPORT

Bukit Sembawang Estates Limited (Company) is committed to ensuring a high standard of corporate governance within the Company and its subsidiaries (Group). This Report describes the corporate governance practices and activities of the Group for the financial year ended 31 March 2014 in relation to each of the principles of the Code of Corporate Governance 2012 (Code), and deviations are explained. Unless otherwise stated, the corporate governance processes were in place during the financial year.

BOARD MATTERS

THE BOARD'S CONDUCT OF AFFAIRS

Principle 1 – *Every Company should be headed by an effective Board to lead and control the Company. The Board is collectively responsible for the long-term success of the Company. The Board works with Management to achieve this objective and Management remains accountable to the Board.*

The Board provides strategic direction to the Company and the Group and its principal role and functions include the following:

1. Approving the broad policies, property development strategies and financial objectives of the Company and the Group and monitoring the performance of Management;
2. Overseeing and evaluating the adequacy of internal controls and risk management based on best corporate governance practices, and financial reporting in compliance with statutory requirements;
3. Approving the nominations and re-nominations to the Board and appointment of key personnel;
4. Approving annual budgets, major funding proposals and investments;
5. Setting the Company's dividend policy and recommending dividends; and
6. Setting the Company's values and standards and ensuring that obligations to shareholders and others are understood and met.

In the discharge of its functions, the Board is supported by Board committees, comprising the Audit, Remuneration, Nominating and Project Development Committees, which provide independent oversight of Management, and which also serve to ensure that there are appropriate checks and balances. Information on these committees and their activities during the year under review are described elsewhere in this Report.

The Board is accountable to shareholders while Management is accountable to the Board. The Company has in place financial authorisation limits for operating and capital budgets, procurement of goods and services, and cheque signatory arrangements. Approval sub-limits are also provided at Management level to facilitate operational efficiency. Matters that are specifically reserved for the Board's decision include material acquisitions and disposals of assets, corporate or financial restructuring, share issuances and dividend payments to shareholders, main contracts, marketing proposals, land acquisitions and other transactions or events of a material nature requiring announcement under the listing rules of Singapore Exchange Securities Trading Limited (SGX-ST).

The Board meets at least four times a year, with additional meetings convened as and when necessary. The attendance of the Directors at meetings of the Board and Board committees, as well as the frequency of such meetings, is disclosed in this Report.

At the request of Directors, the Company will fund Directors' participation at industry conferences, seminars or any training programme in connection with their duties as Directors of the Company. The Company Secretary will bring to the Directors' attention, information on seminars that may be of relevance or use to them.

BOARD COMPOSITION AND GUIDANCE

Principle 2 – *There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders*. No individual or small group of individuals should be allowed to dominate the Board's decision making.*

The Board is currently comprised of six Directors, of whom three are independent and non-executive. The names of the Directors in office are set out in the Directors' Report. Particulars of their direct and indirect interests in the Company's shares are also shown in the Directors' Report.

While the Company's Articles of Association (Articles) allow for the appointment of a maximum of 10 Directors, the Board is of the view that a Board size of six Directors with their experience and expertise is appropriate, taking into account the nature and scope of the Company's operations.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER (CEO)

Principle 3 – *There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the Company's business. No one individual should represent a considerable concentration of power.*

The Company has a separate Chairman and CEO. The Chairman is a non-executive and independent Director whilst the CEO is an executive Director.

The CEO is the Chief Executive in the Company and bears executive responsibility for the Company's main property business, while the Chairman bears responsibility for the workings of the Board. The Chairman and the CEO are not related.

The Chairman encourages constructive relations among members of the Board and between the Board and Management and facilitates contributions of the non-executive Directors. The Chairman ensures that Board meetings are held when necessary and sets the Board meeting agenda in consultation with the CEO and Company Secretary. The Chairman reviews Board papers before they are presented to the Board and ensures that Board members are provided with complete, adequate and timely information. As a general rule, Board papers are sent to Directors at least a week in advance in order for Directors to be adequately prepared for the meeting.

* A "10% shareholder" is a person who has an interest or interests in one or more voting shares in the Company and the total votes attached to that share or those shares is not less than 10% of the total votes attached to all the voting shares in the Company. "Voting shares" exclude treasury shares.

CORPORATE GOVERNANCE REPORT

BOARD MEMBERSHIP

Principle 4 – *There should be a formal and transparent process for the appointment and re-appointment of Directors to the Board.*

BOARD PERFORMANCE

Principle 5 – *There should be a formal annual assessment of the effectiveness of the Board as a whole and its Board committees and the contribution by each Director to the effectiveness of the Board.*

Nominating Committee (NC)

The NC comprises of three non-executive Directors, the majority of whom, including the NC chairman, are independent:

Mr Eddie Tang (Chairman)
Mr Guok Chin Huat Samuel
Dr Lee Chien Shih

The main Terms of Reference of the NC are to:

1. Recommend to the Board on all Board and Board committees appointments and re-nominations, including recommending the Chairman for the Board and for each Board committee;
2. Determine annually and, as and when circumstances require, if a Director is independent and whether he is able to carry out his duties as a Director and make its recommendations to the Board;
3. Assess annually the effectiveness of the Board as a whole, its Board Committees, and the contribution by each individual Director to the effectiveness of the Board; and
4. Recommend to the Board on relevant matters relating to the review of training and professional development programs for the Board.

The NC, in considering the nomination of any Director for re-appointment, assesses the Director's contribution to the Board including attendance record at meetings of the Board and Board committees and the quality of participation at meetings.

The NC evaluates the Board's performance as a whole, its Board Committees, and the contributions of individual Directors to the effectiveness of the Board. The assessment criteria adopted include both a quantitative and qualitative evaluation. The qualitative criteria for assessing the Board's collective performance include Board size and composition, access to information, processes and accountability and Board Committees' performance in relation to discharging their responsibilities set out in their respective terms of reference, while the quantitative assessment criteria include net profit, return on equity, earnings per share, dividend per share and pay-out ratio, allowing for comparison against industry peers. The assessment criteria for individual Directors include factors such as Director's attendance, preparedness for meetings, participation level and contribution at meetings, analytical skills, knowledge/insight and strategic planning as well as overall contribution to the Board and the Board Committees, as appropriate.

The independence of each Director is reviewed annually by the NC. The NC, in reviewing the independence of each Director, adopts the Code's definition of what constitutes an independent Director. A Director is required to inform the NC of any relationships or circumstances which arise that are likely to affect, or could appear to affect, his independence. The Board, after taking into consideration the NC's review of the independence of each Director for this financial year, is of the view that Mr Guok Chin Huat Samuel, Mr Eddie Tang and Mr Tan Swee Siong are independent Directors and that, further, no individual or group of individuals dominate the Board's decision-making process. Mr Guok, Mr Tang and Mr Tan have each served on the Board for less than nine years.

When a Director serves on multiple Boards, that Director is required to ensure that sufficient time and effort is allocated to the affairs of the Company with assistance from Management, which provides complete and timely information on a regular basis for effective discharge of the Director's duties as well as a comprehensive schedule of events drawn up in consultation with the relevant Director. Accordingly, the Board has not set a maximum number of other company directorships which a Director may concurrently hold.

The NC assessed and recommended to the Board, the Directors to be put forward for re-appointment pursuant to Section 153(6) of the Companies Act, Chapter 50 of Singapore (Companies Act) (applicable to a Director of or over 70 years of age), re-election pursuant to Article 94 of the Articles (applicable to Directors' retirement by rotation) and appointment pursuant to Article 95 of the Articles (applicable to an appointment of a new Director), at the Company's Annual General Meeting (AGM). Each NC member abstained from participating in deliberations in respect of himself.

The NC also considers the structure, size and composition of the Board. The selection of candidates for new appointments to the Board as part of the Board's renewal process will depend on factors such as the current and mid-term needs and goals of the Company and the nature and size of the Group's operations. A candidate would be evaluated on relevant expertise and potential contributions to the Board.

There were no additions to the Board during the financial year.

CORPORATE GOVERNANCE REPORT

ACCESS TO INFORMATION

Principle 6 – *In order to fulfil their responsibilities, Directors should be provided with complete, adequate and timely information prior to Board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.*

In order to ensure that the Board is able to fulfil its responsibilities, Management provides the Board members with the monthly financial, operational and budget reports and other management statements within 12 days after the month-end. Analysts' reports on the Company are forwarded to the Directors on an on-going basis as and when available. The Directors are provided with the phone numbers and particulars of the Company's senior Management and Company Secretary to facilitate access.

All Directors have unrestricted access to the Company's records and information and receive detailed financial and operational reports from Management to enable them to carry out their duties. Directors may also liaise with Management and seek additional information if required. Directors may, at any time, in the furtherance of their duties, request for independent professional advice at the Company's expense.

The Company Secretary attends all Board meetings and assists the Chairman in ensuring that the Board procedures are followed. The Company Secretary is also responsible for communicating changes in listing rules or other regulations affecting corporate governance and compliance where applicable to the Board and the Company.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 7 – *There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual Directors. No Director should be involved in deciding his own remuneration.*

LEVEL AND MIX OF REMUNERATION

Principle 8 – *The level and structure of remuneration should be aligned with the long-term interest and risk policies of the Company, and should be appropriate to attract, retain and motivate (a) the Directors to provide good stewardship of the Company, and (b) key Management personnel to successfully manage the Company. However, Companies should avoid paying more than is necessary for this purpose.*

DISCLOSURE ON REMUNERATION

Principle 9 – *Every Company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the Company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to Directors and key management personnel, and performance.*

Remuneration Committee (RC)

The RC comprises of three non-executive Directors, a majority of whom are independent:

Dr Lee Chien Shih (Chairman)
Mr Guok Chin Huat Samuel
Mr Eddie Tang

To minimise the risk of potential conflicts of interest, all the members of the RC, including the Chairman of the RC, are independent from Management. The Board considers it appropriate for Dr Lee Chien Shih (a non-independent Director) to head the RC as this is in keeping with the Board's objective that remuneration policies should be in alignment with the long-term interests of the Company and of all stakeholders.

The principal responsibilities of the RC are to:

1. Recommend to the Board base salary levels, benefits and incentive opportunities, and identify components of salary which can be best used to focus Management staff on achieving corporate objectives;
2. Approve the structure of Directors' fees and senior management compensation programme to ensure that the programme is competitive and sufficient to attract, retain and motivate senior management of the required quality to run the Company successfully; and
3. Review Directors' fees and senior management's compensation annually and determine appropriate adjustments.

The Company adopts an overall remuneration policy for staff comprising a fixed component in the form of a base salary. The variable component is in the form of a bonus that is linked to the Company's and the individual's performance, and is tied to the extent to which certain key financial and operational performance indicators such as return on equity and the creation of shareholder wealth, are achieved. Compensation packages and revisions of senior management remuneration are subject to the review and approval of the RC. Presently, the Company does not have any share option or share award scheme.

Annual appraisals and review of executive compensation is carried out by the RC to ensure that the remuneration packages of the CEO and senior management are commensurate with their performance and that of the Company, having regard to the financial and commercial health and business needs of the Group, and in line with industry norms.

Directors' fees are set in accordance with a remuneration framework comprising basic fees, attendance fees and additional fees for serving on Board committees. Directors' fees are approved by shareholders at the AGM before they are paid. Executive Directors do not receive Directors' fees.

Annual Remuneration Report

The Company has decided against the inclusion of an annual remuneration report in this Report as the matters required to be disclosed therein have been disclosed in this Report, the Directors' Report and the notes to the financial statements. The Board responds to queries from shareholders at AGMs on matters pertaining to remuneration policies and Directors' remuneration.

The Directors, the CEO and other key management personnel are remunerated on an earned basis. There are no termination, retirement and post-employment benefits that are granted over and above what has been disclosed.

The above proposed total fees of \$471,000 (2013: \$475,000) for non-executive Directors is subject to shareholders' approval at the AGM on 25 July 2014.

Remuneration of Key Executives

The Group has only four key executives (who are not also Directors or the CEO). The remuneration of each of the key executives is within the band of \$250,000 for the financial year ended 31 March 2014 and a breakdown is shown in the table below. The aggregate remuneration paid to them in the financial year was \$787,000.

Remuneration of Directors' Immediate Family

During the financial year ended 31 March 2014, none of the Directors had immediate family members who were employees of the Company.

ACCOUNTABILITY AND AUDIT

ACCOUNTABILITY

Principle 10 – The Board should present a balanced and understandable assessment of the Company's performance, position and prospects.

In presenting the periodic announcements of the results of the Company and the Group, it is the aim of the Board to provide a balanced and comprehensible assessment of the Group's performance, position and prospects on a quarterly basis.

To ensure that the Board is able to fulfill its responsibilities, Management provides the Board with monthly reports on the operations and significant events that took place in the respective companies during the month.

CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 11 – *The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.*

The Company believes that it has in place an effective system of internal controls addressing material financial, operational, compliance and information technology risks to safeguard shareholders' interests and the Group's assets, and also to manage risks.

The Audit Committee (AC) is responsible for making the necessary recommendation to the Board such that an opinion or comment regarding the adequacy and effectiveness of the risk management and internal control systems of the Group can be made by the Board in the annual report of the Company according to the Listing Manual of the SGX-ST and the Code.

The Company has an established risk identification and management framework developed with the assistance of an external consultant. The ownership of the risks lies with the respective heads of departments and CEO with stewardship residing with the Board. The AC assists the Board to oversee Management in the formulation, updating and maintenance of an adequate and effective risk management framework and while the AC reviews the adequacy and effectiveness of the risk management and internal control systems.

The Company maintains a risk register which identifies the material risks facing the Group and the internal controls in place to manage or mitigate those risks. Heads of departments and CEO review and update the risk register regularly. The risk register is reviewed annually by the AC and the Board.

Internal and external auditors conduct audits that involve testing the effectiveness of the material internal controls in the Group. Any material non-compliance or lapses in internal controls together with corrective measures recommended by internal and external auditors are reported to the AC. The effectiveness of the measures taken by Management in response to the recommendations made by the internal and external auditors is also reviewed by the AC. The system of risk management and internal controls is continually being refined by Management, the AC and the Board.

The Board has received assurance from the CEO and the Chief Accountant that:

- (a) the financial records of the Group have been properly maintained and the financial statements for the year ended 31 March 2014 give a true and fair view of the Group's operations and finances; and
- (b) the system of risk management and internal controls in place within the Group is adequate and effective in addressing the material risks in the Group in its current business environment including material financial, operational, compliance and information technology risks.

Based on the framework established and the reviews conducted by Management and both the internal and external auditors, the Board, with the concurrence of the AC, is of the opinion that the system of internal controls, including financial, operational compliance and information technology controls and risk management systems, were adequate as at 31 March 2014 to address the risks which the Group considers relevant and material to its operations.

The Board notes that the system of risk management and internal controls established by the Company provides reasonable, but not absolute, assurance that the Group will not be significantly affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of risk management and internal controls can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgment in decision making, human error, losses, fraud or other irregularities.

AUDIT COMMITTEE

Principle 12 – *The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.*

The AC comprises of three members, all of whom are independent non-executive Directors. The Chairman and the other members of the AC have vast experience in managerial positions in the property and finance industry and are therefore capable of discharging the AC's functions. They are as follows:

Mr Guok Chin Huat Samuel (Chairman)
Mr Eddie Tang
Mr Tan Swee Siong

The AC performs the following functions in accordance with Section 201B(5) of the Companies Act, the SGX-ST's Listing Manual and the Code:

1. Reviews with the external auditors, their audit plan, evaluation of the accounting controls, audit reports and any matters which the external auditors wish to discuss;
2. Reviews with the internal auditors, the scope and the results of internal audit function and their evaluation of the overall internal control systems;
3. Reviews the quarterly, half-yearly and full-year results, and annual financial statements, including announcements to shareholders and the SGX-ST prior to submission to the Board;
4. Makes recommendations to the Board on the appointment of external auditors, their remuneration and reviews the cost effectiveness, independence and objectivity of the external auditors;
5. Reviews interested person transactions that may arise within the Company and the Group to ensure compliance with Chapter 9 of the SGX-ST's Listing Manual and to ensure that the terms of such transactions are:
 - on normal commercial terms; and
 - not prejudicial to the interests of the Company and its minority shareholders;

CORPORATE GOVERNANCE REPORT

6. Reports actions and minutes of the AC meetings to the Board with such recommendations as the AC considers appropriate; and
7. Reviews reports received, if any, pursuant to the provisions of the Company's Whistle-blowing Policy and undertakes the proceedings as prescribed.

The AC has power to conduct or authorise investigations into any matters within its terms of reference.

The AC meets with the external auditors at least annually and with internal auditors at least once every two years, without the presence of Management.

In discharging its functions, the AC is provided with sufficient resources, has access to and co-operation of Management and internal auditors and has discretion to invite any Director or executive officer to attend its meetings. All major findings and recommendations are brought to the attention of the Board.

The Company has put in place a whistle-blowing framework, endorsed by the AC, under which employees of the Group may, in confidence raise concerns about possible corporate irregularities in matters of financial reporting or other matters.

The AC has undertaken a review of all non-audit services provided by the external auditors during the financial year, and is of the view that they would not affect the independence of the external auditors.

The AC has recommended that KPMG LLP be nominated for re-appointment as external auditors at the AGM to be held on 25 July 2014. KPMG LLP has indicated their willingness to accept re-appointment.

The AC members keep abreast of changes to accounting standards and issues which have a direct impact on financial statements by attending training sessions and talks by the external auditors and other professionals.

INTERNAL AUDIT (IA)

Principle 13 – *The Company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.*

The IA function is outsourced to Ernst & Young Advisory Pte Ltd, who reports directly to the AC. The AC reviews at least annually, the adequacy and effectiveness of the outsourced internal audit function.

The internal auditor reviews once every two years the Group's main business processes, the activities in each of the Group's key business segments and the Group companies responsible for these business activities and processes.

Having an IA function assures the Board of the adequacy and maintenance of proper accounting records, and the reliability of the information used within or published by the Company.

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

SHAREHOLDER RIGHTS

Principle 14 – Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

The Company treats all its shareholders fairly and equitably and keeps all its shareholders informed of its corporate activities, including changes in the Company or its business which would be likely to materially affect the price or value of its shares, on a timely and consistent basis.

The Company ensures that shareholders have the opportunity to participate effectively and vote at general meetings of shareholders and informs shareholders of the rules, including voting procedures, governing such meetings. In addition, for transparency, the Company discloses proxies received by the Company directing the Chairman to vote (as proxy for members) for or against the motions at the general meetings.

COMMUNICATION WITH SHAREHOLDERS

Principle 15 – Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

CONDUCT OF SHAREHOLDER MEETINGS

Principle 16 – Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the Company.

In line with continuous disclosure obligations of the Company, pursuant to the SGX-ST's Listing Manual and the Securities and Futures Act, Chapter 289 of Singapore (SFA), the Board's policy is that shareholders be informed promptly of all major developments that impact the Company and its subsidiaries.

Quarterly, half-year and full-year results are published on the Company's website and announced to SGX-ST via SGXNET. All information on the Company's new initiatives are first disseminated through the Company's website and SGXNET.

Price sensitive information is first publicly released, either before the Company meets with any group of investors or analysts or simultaneously (if after close of trading) with such meetings. Quarterly, half-year and full-year financial statements and annual reports are announced or issued within the mandatory period.

All shareholders of the Company are sent a copy of the Annual Report and Notice of AGM. The Notice which is despatched at least 14 days before the AGM is also advertised in a prominent English language newspaper. At AGMs, shareholders are given the opportunity to air their views and ask questions. The Directors, Management and external auditors will be present and available to address shareholders' questions germane to the AGM.

The Articles allow a shareholder of the Company to appoint one or two proxies to attend and vote at all general meetings.

CORPORATE GOVERNANCE REPORT

PROJECT DEVELOPMENT MATTERS

Project Development Committee (PDC)

The PDC comprises of three members, a majority of whom are non-executive, independent Directors:

Mr Guok Chin Huat Samuel (Chairman)

Mr Ng Chee Seng

Mr Tan Swee Siong

The principal responsibilities of PDC are to oversee matters such as approving vendor lists, minor work contracts, supply and maintenance contracts and nominated sub-contracts.

BEST PRACTICES POLICIES

Dealing in Securities

The Company has issued a policy on dealings in the securities of the Company to its Directors and Management, setting out the implications of insider trading and guidance on such dealings. It has adopted the best practices recommendations of the SGX-ST on Dealing in Securities to provide further guidance to Directors and employees dealing in the Company's securities. Pursuant to the guidelines, Directors and key executives of the Group who have access to price-sensitive and confidential information are not permitted to deal in the Company's securities during the period commencing two weeks before the announcement of the Group's results for each of the first three quarters of the financial year and one month before the Group's full-year results and ending on the respective announcement date. In addition, Directors and key executives are expected to observe insider trading laws at all times even when dealing in securities within the permitted trading period. They are also discouraged from dealing in the Company's securities on short-term considerations.

Directors are required to report to the Company Secretary whenever they deal in the Company's shares and the necessary announcements are made in accordance with the notification requirements under the Securities and Futures Act (Chapter 289) of Singapore.

Interested Person Transactions (IPT)

The Company has an internal policy in respect of any transactions with interested persons and has in place a process to review and approve any IPT. For this financial year, there were no IPT nor any material contracts entered between the Company and its subsidiaries involving the interests of the Chief Executive Officer, Director or controlling shareholders of the Company.

SUSTAINABILITY REPORT

Bukit Sembawang Estates Limited and its subsidiaries (Group) is committed to achieving sustainability benefits for the environment, our people and the community and in the process, safeguard the well-being and interests of its diverse stakeholders. This Report describes the sustainability efforts of the Group up to the financial year ended 31 March 2014.

Environmental Sustainability

Green Practices: The Environmental Sustainability Committee promotes Green initiatives and encourages staff to be conscientious about the saving of electricity and recycling to preserve the planet for a better tomorrow. Activities/efforts such as recycling, reducing paper usage, using energy saving light bulbs and refillable ink pens, spring cleaning conducted periodically to reduce waste and switching off electricity at all power points after office hours have become regular/daily habits in the office. Green mailer is emailed to all staff on regular basis to reiterate the importance of reducing today's consumption of natural resources to benefit future generations. Such Green efforts are further extended to the managing agents of the Group's developments.

Sustainability Development: The Group is committed in its efforts to include environmentally sustainable features in its property developments. The Group has obtained many Green Mark awards by BCA since 2008 for its development projects for constructing environment-friendly buildings and promoting sustainability in the built environment from project conceptualisation and design, as well as during construction stage.

The latest BCA Green Mark awards being Gold Plus award for Paterson Collection and Certified award for Luxus Hills Phases 6 and 7 in 2012. The Group also won the BCI Asia Top Ten 2013 Developers Award where winners were those with the highest score in terms of sustainability and green building ratings.

2012

Human Capital

Learning and Development: The Group is committed to providing training and development opportunities to equip staff with the knowledge and skills to perform their job functions efficiently. Staff have attended work-related training and courses to upgrade themselves and to keep abreast with the current regulatory framework, authorities' requirements, technical knowledge and property market conditions. This helps to enhance work contributions and personal development. New hires are provided with on-the-job training and are orientated on the Group's businesses, culture and core values.

Workplace Safety and Health: The Group promotes a strong safety culture in the workplace to achieve a safe, accident-free working environment and efforts are made by staff to adhere to recommended safety standards and practices. Matters relating to health and safety at the workplace are regularly assessed and deliberated during management meetings. Safety planning and management is diligently practised through the various stages of our projects from design inception, development, construction and management. Risk assessments are carried out to identify hazards. The risks involved are analysed and adequate controls are put in place to minimise or eliminate these exposures.

Community and Society

Donations to Charitable Organisations: Donations are made to various charitable organisations annually with the recommendation by the Corporate Social Responsibility (CSR) Committee.

Community Involvement: Led by the CSR Committee, the Group reaches out to the community by making meaningful contributions. Staff have participated in outreach programs such as packing of food items for distribution to needy families with 'Food from the Heart' and organising appropriate activities for the sick/elderly at Bright Vision Hospital and THK Bedok Radiance Senior Activity Centre. During the year, staff were enthusiastic in donating their clothings, furniture, household goods, electronic devices, toys and books that are in good condition. These donated items will be sold in orphanage Thrift Shop – 'Willing Hearts Orphanage' whereby all the earnings will go towards financing the operation of the orphanages. A talk by National Volunteer and Philanthropy Centre (NVPC) was also conducted to advocate volunteerism.

Except as disclosed in this report, no director who held office at the end of the financial year had interests in shares of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There were no changes in any of the above-mentioned interests in the Company between the end of the financial year and 21 April 2014.

DIRECTORS' REPORT

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in the Company or any other body corporate.

Except for salaries, bonuses and fees and those benefits that are disclosed in this report and in note 16 to the financial statements, since the end of the last financial year, no director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related corporation with the director, or with a firm of which he is a member or with a company in which he has a substantial financial interest.

Share options

During the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares in the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries under options.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under options.

Audit committee

The members of the Audit Committee at the date of this report are:

- Guok Chin Huat Samuel (Chairman), independent and non-executive director
- Eddie Tang, independent and non-executive director
- Tan Swee Siong, independent and non-executive director

The Audit Committee performs the functions specified in Section 201B of the Companies Act, the Listing Manual and the Best Practices Guide of the Singapore Exchange, and the Code of Corporate Governance.

The Audit Committee has held four meetings since the last directors' report. In performing its functions, the Audit Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

DIRECTORS' REPORT

The Audit Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the Listing Manual of the Singapore Exchange).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

The Company is in compliance with Rules 712 and 715 of the SGX-ST Listing Manual in respect of the appointment of auditors.

Auditors

The auditors, KPMG LLP, have indicated their willingness to accept re-appointment.

INDEPENDENT AUDITORS' REPORT

Members of the Company
Bukit Sembawang Estates Limited

Report on the financial statements

We have audited the accompanying financial statements of Bukit Sembawang Estates Limited (the Company) and its subsidiaries (the Group), which comprise the statements of financial position of the Group and the Company as at 31 March 2014, the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 45 to 84.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT

Members of the Company
Bukit Sembawang Estates Limited

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards to give a true and fair view of the state of affairs of the Group and of the Company as at 31 March 2014 and the results, changes in equity and cash flows of the Group for the year ended on that date.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

NOTES TO THE FINANCIAL STATEMENTS

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 23 June 2014.

1 DOMICILE AND ACTIVITIES

Bukit Sembawang Estates Limited (the Company) is incorporated in the Republic of Singapore and has its registered office at 250 Tanjong Pagar Road, #09-01 St Andrew's Centre, Singapore 088541.

The principal activity of the Company is that relating to investment holding. The principal activities of the subsidiaries are those relating to investment holding and property development.

The consolidated financial statements relate to the Company and its subsidiaries (together referred to as the Group).

2 BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (FRSs).

2.2 Basis of measurement

The financial statements are prepared on the historical cost basis except for certain financial assets and financial liabilities which are stated at fair value and/or amortised cost, as set out in the accounting policies below.

2.3 Functional and presentation currency

The financial statements are presented in Singapore dollars, which is the Company's functional currency. All financial information has been rounded to the nearest thousand, unless otherwise stated.

2.4 Use of estimates and judgements

The preparation of financial statements in conformity with FRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

NOTES TO THE FINANCIAL STATEMENTS

2 BASIS OF PREPARATION (CONTINUED)

2.4 Use of estimates and judgements (Continued)

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements, and assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year, are described in the following notes:

- Note 3.11 – measurement of profit attributable to properties under development
- Note 8 – measurement of realisable amounts of development properties
- Note 18 – estimation of provisions for current and deferred taxation

2.5 Changes in accounting policies

Fair value measurement

FRS 113 establishes a single framework for measuring fair value and making disclosures about fair value measurements, when such measurements are required or permitted by other FRS. In particular, it unifies the definition of fair value as the price at which an orderly transaction to sell an asset or to transfer a liability would take place between market participants at the measurement date. It also replaces and expands the disclosure requirements about fair value measurements in other FRS, including FRS 107 *Financial Instruments: Disclosures*.

From 1 April 2013, in accordance with the transitional provisions of FRS 113, the Group has applied the new fair value measurement guidance prospectively, and has not provided any comparative information for new disclosures. Notwithstanding the above, the change had no significant impact on the measurements of the Group's assets and liabilities. The additional disclosures necessary as a result of the adoption of this standard has been included in note 22.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities, except as explained in note 2.5, which addresses changes in accounting policies.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of consolidation

Business combinations

Business combinations are accounted for using the acquisition method in accordance with FRS 103 *Business Combination* as at the acquisition date, which is the date on which control is transferred to the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Any contingent consideration payable is recognised at fair value at the acquisition date and included in the consideration transferred. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

Subsidiaries

Subsidiaries are entities controlled by the Group. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of the subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income or expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Subsidiaries in the separate financial statements

Investments in subsidiaries are stated in the Company's statement of financial position at cost or directors' valuation amount less accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.2 Foreign currency transactions

Transactions in foreign currencies are translated at the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the end of the reporting date are retranslated to the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date on which the fair value was determined. Foreign currency differences arising on retranslation are recognised in profit or loss.

3.3 Investment property

Investment property is property held either to earn rental income or capital appreciation or both, but not for sale in the ordinary course of business, used in the production or supply of goods or services, or for administrative purposes.

Investment property is stated at cost less accumulated depreciation and impairment losses.

Depreciation on investment property is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of the investment property.

The estimated useful lives are as follows:

Freehold office premises	50 years
Furniture and fittings	3 to 5 years

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date.

3.4 Property, plant and equipment

Items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Property, plant and equipment (Continued)

The gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal with the carrying amount of the item) is recognised in profit or loss.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment.

The estimated useful lives are as follows:

Furniture, fittings and equipment	3 to 5 years
Motor vehicles	5 years
Computers	1 year

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date.

3.5 Development properties

Development properties are measured at the lower of cost and net realisable value. Cost includes acquisition costs, development expenditure, capitalised borrowing costs and other costs directly attributable to the development activities. Cost includes an appropriate share of development overheads allocated based on normal capacity.

Borrowing costs that are directly attributable to the acquisition and development of the development property are capitalised as part of development property during the period of development.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses.

The aggregated costs incurred together with attributable profits and net of progress billings are presented as development properties in the statement of financial position. If progress billings exceed costs incurred plus recognised profits, the balance is presented as deferred income.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments

Non-derivative financial assets

The Group initially recognises loans and receivables and deposits on the date that they are originated. All other financial assets are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies non-derivative financial assets into the following categories: loans and receivables.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise trade and other receivables and cash and cash equivalents.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

Non-derivative financial liabilities

The Group initially recognises financial liabilities on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies non-derivative financial liabilities in the other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Other financial liabilities comprise trade and other payables.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Derivative financial instruments

The Group holds derivative financial instruments to hedge its interest rate risk exposure. Embedded derivatives are separated from the host contract and accounted for separately if the economic characteristics and risks of the host contract and the embedded derivative are not closely related, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative, and the combined instrument is not measured at fair value through profit or loss.

Derivatives are recognised initially at fair value; attributable transaction costs are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are accounted for as described below.

Other non-trading derivatives

When a derivative financial instrument is not designated in a hedge relationship that qualifies for hedge accounting, all changes in its fair value are recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment

Impairment of financial assets

A financial asset not carried at fair value through profit or loss is assessed at the end of each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event has an impact on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets (including equity securities) are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Group on terms that the Group would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, and the disappearance of an active market for a security.

The Group considers evidence of impairment for loans and receivables at both a specific asset and collective level. All individually significant loans and receivables are assessed for specific impairment. All individually significant receivables found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and receivables that are not individually significant are collectively assessed for impairment by grouping together loans and receivables with similar risk characteristics.

In assessing collective impairment, the Group uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows, discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against loans and receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets, other than investment property, deferred tax assets and development properties, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

The Group's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a *pro rata* basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.8 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.9 Employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the period during which related services are rendered by employees.

Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

3.10 Financial guarantee contracts

Financial guarantees are financial instruments issued by the Group that requires the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment, when due in accordance with the original or modified terms of a debt instrument.

Financial guarantee contracts are accounted for as insurance contracts. A provision is recognised based on the Group's estimate of the ultimate cost of settling all claims incurred but unpaid at the reporting date. The provision is assessed by reviewing individual claims and tested for adequacy by comparing the amount recognised and the amount that would be required to settle the guarantee contracts.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.11 Revenue recognition

Development properties for sale

Revenue from sales of development properties is recognised using the percentage of completion method when the Group determines that (a) control and the significant risks and rewards of ownership of the work-in-progress transfer to the buyer in its current state as construction progresses, (b) sales price is fixed and collectible, (c) the percentage of completion can be measured reliably, (d) there is no significant uncertainty as to the ability of the Group to complete the development, and (e) costs incurred or to be incurred can be measured reliably.

In all other instances, revenue from sales of development properties is only recognised upon the transfer of control and significant risks and rewards of ownership of the property to the buyer. This generally coincides with the point in time when the development unit is delivered to the buyer. No revenue is recognised when there is significant uncertainty as to the collectability of consideration due or the possible return of units sold.

The percentage of completion is measured by reference to the work performed, based on the ratio of costs incurred to date to the estimated total construction costs. Profits are recognised only in respect of finalised sales contracts to the extent that such profits relate to the progress of the construction work.

Dividends

Dividend income is recognised in profit or loss on the date that the Group's right to receive payment is established.

Rental income

Rental income from investment property is recognised in profit or loss on a straight-line basis over the term of lease. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease.

3.12 Finance income and expense

Finance income

Finance income comprises mainly interest income on funds invested. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Finance expense

Finance expense comprises interest expense on borrowings. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.13 Operating leases

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

3.14 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investment in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

NOTES TO THE FINANCIAL STATEMENTS

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.14 Tax (Continued)

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

3.15 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Board of Directors to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Board of Directors include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly administrative expenses of the foreign incorporated subsidiaries.

3.16 New standards and interpretations not adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 April 2013, and have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Group and the Company.

Investment property comprises office premises that are leased to external customers. Generally, each of the leases is fixed for a period of 3 to 4 years, and subsequent renewals are negotiated at prevailing market rate and terms. None of the leases contain any contingent rent arrangements. Rental income of \$478,000 (2013: \$453,000) was derived from the investment property during the year.

The fair value of the investment property is based on a valuation conducted by a firm of independent professional valuers that has appropriate recognised professional qualifications and recent experience in the location and category of the investment property being valued. The fair value is based on market value, being the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction. The valuation is based on the comparative method, having regard to the prevailing conditions of the property, the property market, in particular, the office sector, and recent market transactions for similar properties in the same location.

	1,118,445	1,083,290

The Group did not incur any borrowing costs during the financial year. In 2013, borrowing costs amounting to \$7,491,000, with interest ranging from 1.03% to 1.31% per annum was capitalised in development properties.

The provision for foreseeable loss is estimated taking into account the open market value of a development property. A valuation of the development property was undertaken by a firm of independent professional valuers who have appropriate recognised professional qualifications and recent experience in the location and category of the development property being valued. The valuation was based on the comparative method and residual land value method, each method being used as a check against the other. The valuation methods used involve making estimates of total construction costs and selling prices of the development property.

Capital management policy

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Group defines as net operating income divided by total shareholders' equity. The Board also monitors the level of dividends to ordinary shareholders. For these purposes, the Group defines "capital" as all components of equity.

The Group regularly reviews and manages its capital structure, comprising shareholders' equity and borrowings, to ensure optimal capital structure and shareholders' returns, taking into consideration operating cash flow, capital expenditure, gearing ratio and prevailing market interest rates.

The Group achieved a return on shareholder's equity (based on profit for the year) of 9.3% for the year ended 31 March 2014 compared to 10.2% for the year ended 31 March 2013. There were no changes in the Group's approach to capital management during the year.

Under the Housing Developers (Control and Licensing) Act, in order to qualify for a housing developer's licence, certain subsidiaries of the Company, namely Bukit Sembawang View Pte. Ltd., Sembawang Estates (Private) Limited and Singapore United Estates (Private) Limited, are required to maintain a minimum paid-up capital of \$1,000,000. These entities complied with the requirement throughout the year. Other than as disclosed above, the Company and its subsidiaries are not subject to externally imposed capital requirements.

Judgement is required in determining the deductibility of certain expenses and taxability of certain income during the estimation of the provision for taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the provision for tax and deferred tax provisions in the period in which such determination is made.

NOTES TO THE FINANCIAL STATEMENTS

22 FINANCIAL RISK MANAGEMENT

Overview

Risk management is integral to the whole business of the Group. The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

Exposure to credit, liquidity and market risks arise in the normal course of the Group's business. The management of these risks is discussed below:

Credit risk

The Group's primary exposure to credit risk arises through its trade and other receivables which relate mainly to amounts due from buyers of the Group's development properties. Settlement of such receivables is based on an agreed schedule in the sale and purchase agreements and the historical default rate has been low. Cash is placed with financial institutions with good credit rating.

In addition, the Group is exposed to credit risk in respect of financial guarantee contracts in connection with the guarantee contracts it has issued to banks for credit facilities granted to its subsidiaries. To mitigate the risk, management continually monitors the risk and has established processes including performing credit evaluations of the subsidiaries.

At the reporting date, there was no significant concentration of credit risk. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

22 FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The table below analyses fair value measurements for financial assets and liabilities by the levels in the fair value hierarchy based on the inputs to valuation techniques.

Non-financial assets not carried at fair value but for which fair values are disclosed

Group and Company					
2014					
Investment property	4	–	15,350	–	15,350

The fair value of investment property as at 31 March 2014 is based on market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction.

The valuation is determined externally by the independent valuers, using the Direct Comparison Method. The Direct Comparison Method involves the analysis and study of recent sales evidence of similar properties in comparable developments in the subject/comparable vicinities.

NOTES TO THE FINANCIAL STATEMENTS

23 OPERATING SEGMENTS

The Group has two reportable segments, as described below, which are the Group's strategic business units. For each of the strategic business units, the Group's Board of Directors reviews internal management reports on at least a quarterly basis. The following summary describes the operations in each of the Group's reportable segments:

- Development properties: Development of residential properties for sale
- Investment property: Holding and management of office building

Information regarding the results of each reportable segment is included below. Performance is measured based on segment gross profit, as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit before tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

 - (i) Mr Guok Chin Huat Samuel
 - (ii) Dr Lee Chien Shih
4. To re-appoint Mr Eddie Tang, who is retiring pursuant to Section 153(6) of the Companies Act, Chapter 50 of Singapore, to hold office from the date of this Annual General Meeting until the next Annual General Meeting.

Note: Mr Eddie Tang, if re-appointed, will continue as a member of the Audit Committee, Chairman of the Nominating Committee, a member of the Remuneration Committee and will be considered an independent Director.
5. To approve Directors' fees of \$471,000 for the financial year ended 31 March 2014 (2013: \$475,000).
6. To re-appoint KPMG LLP as Auditors of the Company and to authorise the Directors to fix their remuneration.

Special Business

To consider and, if though fit, to pass the following resolutions as ordinary resolutions:

7. That pursuant to Article 95 of the Company's Articles of Association, Ms Fam Lee San be and is hereby appointed as a Director of the Company with effect from 25 July 2014.
8. That pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore and the Listing Manual of Singapore Exchange Securities Trading Limited ("**SGX-ST**"), authority be and is hereby given to the Directors of the Company to:
 - (a) (i) allot and issue shares in the capital of the Company ("**Shares**") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible or exchangeable into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

NOTICE OF ANNUAL GENERAL MEETING

- (b) (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the total number of issued Shares, excluding treasury shares, in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 10% of the total number of issued Shares, excluding treasury shares, in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST), for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares, excluding treasury shares, shall be based on the total number of issued Shares, excluding treasury shares, in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of any convertible securities or from the exercise of share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution; and
 - (b) any subsequent bonus issue, consolidation or subdivision of Shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

NOTICE OF ANNUAL GENERAL MEETING

Notes:

1. A member of the Company entitled to attend and vote at the Annual General Meeting is entitled to appoint one proxy or two proxies to attend and vote in his stead. Where a member appoints more than one proxy, he must specify the number of shares to be represented by each proxy, failing which, the appointment shall be deemed to be in the alternative. A proxy need not be a member of the Company.
2. The instrument or form appointing a proxy or proxies shall, in the case of an individual, be signed by the appointor or his attorney, and, in the case of a corporation, be either under its common seal or signed by its attorney or by an officer on behalf of the corporation.
3. The instrument or form appointing a proxy or proxies, duly executed, must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited, 112 Robinson Road, #05-01, Singapore 068902, not less than 48 hours before the time of holding the Annual General Meeting.
4. By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Additional information on items of Ordinary Business

Please refer to "Board of Directors" and "Corporate Governance Report" sections in the Annual Report 2014 for more information on the Directors standing for re-election/re-appointment at the Annual General Meeting under items 3(i), 3(ii) and 4.

Statement pursuant to Article 55 of the Company's Articles of Association

The ordinary resolution in item 7 is to appoint Ms Fam Lee San, 47, as a Director of the Company with effect from 25 July 2014. Ms Fam is the Financial Controller of Kallang Development (Pte) Ltd, a subsidiary of Lee Rubber Company (Pte) Ltd. She is also a Director of various companies in the Lee Rubber group of companies. Prior to joining Kallang Development (Pte) Ltd in 1994, Ms Fam was an auditor with an international public accounting firm in Singapore. Ms Fam holds a Bachelor of Accountancy degree from National University of Singapore and is a member of the Institute of Singapore Chartered Accountants (formerly known as the Institute of Certified Public Accountants of Singapore). Ms Fam's appointment as Alternate Director to Mr Teo Kim Yam (since 16 October 2012) will terminate upon Mr Teo's retirement from the Board of Directors at this Annual General Meeting. Save as disclosed, Ms Fam does not have any relationships including immediate family relationships between herself and the Directors, the Company or its 10% shareholders (as defined in the Singapore Code of Corporate Governance 2012). Having reviewed her qualifications and experience, the Company's Board of Directors is pleased to recommend the appointment of Ms Fam as a Director of the Company. If appointed, Ms Fam will be considered a non-executive non-independent Director.

The ordinary resolution in Item 8 is to authorise the Directors of the Company to issue shares in the Company and to make or grant instruments (such as warrants or debentures) convertible into shares, and to issue shares in pursuance of such instruments from the date of this Annual General Meeting until the date of the next Annual General Meeting. The aggregate number of shares which the Directors may issue (including shares to be issued pursuant to convertibles) under this ordinary resolution must not exceed 50% of the total number of issued shares, excluding treasury shares, in the capital of the Company with a sub-limit of 10% for issues other than on a pro-rata basis. For the purpose of determining the aggregate number of shares that may be issued, the total number of issued shares, excluding treasury shares, will be calculated based on the total number of issued shares, excluding treasury shares, in the capital of the Company at the time that this ordinary resolution is passed, after adjusting for (a) new shares arising from the conversion or exercise of any convertible securities or exercise of share options or vesting of share awards which are outstanding or subsisting at the time that this ordinary resolution is passed, and (b) any subsequent bonus issue, consolidation or subdivision of shares. The sub-limit of 10% for issues other than on a pro-rata basis is below the 20% sub-limit permitted by the Listing Manual of the SGX-ST. The Directors believe that the lower sub-limit of 10% would sufficiently address the Company's present need to maintain flexibility while taking into account shareholders' concerns against dilution.

Notes to Proxy Form

1. A member entitled to attend and vote at the Meeting is entitled to appoint one or two proxies to attend and vote in his stead. Where a member appoints more than one proxy, he must specify the number of shares to be represented by each proxy, failing which, the appointment shall be deemed to be in the alternative. A proxy need not be a member of the Company.
2. A member should insert the total number of shares held by him. If the member has shares entered against his name in the Depository Register (as defined in Section 130A of the Companies Act, Chapter 50 of Singapore), he should insert that number of shares. If the member has shares entered against his name in the Register of Members, he should insert that number of shares. If the member has shares entered against his name in the Depository Register and shares registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by the member.
3. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the Meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy or proxies, to the Meeting.
4. The instrument appointing a proxy or proxies must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited, 112 Robinson Road, #05-01, Singapore 068902, not less than 48 hours before the time set for the Meeting.
5. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
6. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
7. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.
8. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified on the instrument appointing the proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject an instrument of proxy if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
